HSCMV People Powering Policy

By Human Services Center Mon Valley

Most of the work of the HSCMV involves partners as reflected in our people powering partnerships pillar. Our advocacy efforts in 2024 engaged our partners in a deep and meaningful way when the local Allegheny County budget process brought human service providers together to stand up for funding for services for people in our region. The outcome of this advocacy work in December was Allegheny County leveraged its full state funding for human services throughout the region.

Advocacy outcomes are not the same as program outcomes – they do not occur every year and often take a numbers of years with efforts, but the collective we – our consumers, our partners, our agency had several important outcomes/wins in 2024 thanks to our advocacy efforts with our partners:

- Allegheny County's budget leveraged all state funding for human services
- Allegheny County's budget added $2.5 million to the Department of Children's Initiatives
- The Pennsylvania state budget included the first dedicated state funding for out-of-school programming in the history of the commonwealth - $11.5 million was committed to BOOST – Building Out of School Time (an outcome we have advocated toward for over a decade)
- Allegheny County launched Allegheny Go, a discounted fare program for SNAP recipients to get a 50% discounts to ride public transit (an outcome we advocated toward for multiple years)

One of the cornerstones of advocacy work is voter engagement, and in 2024 HSCMV's efforts resulted in:

- 251 of our constituents pledged to vote
- Data on the percentage who voted will be compiled when available, but historically we have seen voter turn-out among our constituents between 60% and 88% - mirroring national reports that people connected to nonprofits who get involved in voting will turn out and vote

MVPC Immigration and Healthcare Lunch and Learn Series

By Mon Valley Providers Council

This fall, the Working Group on Health held a webinar series on immigrant and refugee healthcare, covering topics such as barriers to care, implementing language services, cultural humility, and defining legal statuses of immigrants and refugees. These webinars attracted 60 providers across Pittsburgh and the Mon Valley! We'd like to thank our 4 speakers for donating their time to make these events possible:

- Vicky Bregy, *Latino Community Center*
- Kheir Mugwaneza, *AHN Center for Inclusion Health*
- Gabriel Rubio, *University of Pittsburgh Immigration Law Clinic*
- Ivonne Smith-Tapia, *Jewish Family and Community Services*

If you would like to learn more about resources from these webinars or would like to see more events like this from the Working Group, please contact Morgan, MVPC Program Assistant, at mbryson@hscmonvalley.org.

MVPC Poverty Simulation

By Mon Valley Providers Council

The Working Group on Employment and Training held a MVPC-wide Poverty Simulation at Goodwill in partnership with Allegheny County Department of Human Services. This simulation attracted 53 providers and 22 volunteers across 21 different agencies in the Mon Valley. Participants were able to experience some of the pressures that families living in poverty face on a daily basis and reflect on ways to better support these individuals in their work. We appreciate all of our volunteers for making this event a reality, as well as our wonderful providers who were vulnerable and open to learning throughout the process.

If you are interested in learning more about poverty simulations, or would like to host one with your organization, please contact Morgan, MVPC Program Assistant, at mbryson@hscmonvalley.org.

MVPC Housing Resource Panel

By Mon Valley Providers Council

The Working Group on Housing organized a panel of speakers from Allegheny County to discuss housing resources that providers in the Mon Valley can access through the county. This event brought in 25 providers from 14 different nonprofits across the region. Due to the success of the event, and volume of questions about housing services, we are planning a continuation of the event in the Spring. We'd like to specially thank Chuck Keenan and Johnna Kerner for their contributions to this event.

If you are interested in being part of the planning process or connecting with housing resources, please contact Morgan, MVPC Program Assistant, at mbryson@hscmonvalley.org.

Allies for Health + Wellbeing New CEO

By Allies for Health + Wellbeing

Mary Bockovich (she/her) has been named CEO of Allies for Health + Wellbeing. Bockovich previously served as chief operations officer and chief development officer of the organization, which was formerly the Pittsburgh AIDS Task Force.

“Mary Bockovich has shown exceptional dedication to the mission and cause of Allies for Health + Wellbeing for many years, and there is no one more qualified to lead the organization into the future,” said Bart Rauluk, Allies board president.

Allies for Health and Wellbeing empowers individuals and communities through high-quality integrated medical care and supportive human services. The organization was founded as the Pittsburgh AIDS Task Force in 1985 by Kerry Stoner and a small group of volunteers. Since then, Allies has expanded its focus beyond HIV prevention and care to address the diverse needs of the community in Pittsburgh. Allies’ services are available to everyone, and they include primary care, holistic HIV treatment, hepatitis C and STI testing and care, gender-affirming care, and behavioral health care.

Bockovich has more than 30 years of nonprofit experience, predominantly in the human services sector. Following a five-year tenure as a case worker at Catholic Charities, she moved into the field of fund development in 1994. Since then, she has served as Director of Development for Girl Scouts SWPA, KidsVoice, Familylinks, and Pittsburgh AIDS Task Force. Bockovich’s years of development experience spans donor relations, annual giving, special events, and grant writing, as well as the agencies’ communications functions.

“I am delighted to be able to serve Allies in a new and meaningful way as CEO,” Bockovich said. “We have an incredible team at Allies, and I look forward to the work we will do together as we grow.”

Bockovich is a native of southwestern PA and a graduate of Duquesne University. She resides in Washington County with her life partner, Frank, and their dog, Winston.

EAAS Turtle Creek Senior Center

By Eastern Area Adult Services

Some of the most common questions that are asked by older adults are: How do I get transportation to the doctor? How do I get home delivered meals? Where can I get help with a LIHEAP or a rent/property tax rebate application?

Knowing that it can be very challenging as an older adult to navigate those programs and benefits available, Eastern Area Adult Services has a certified Aging and Disability Information Specialist available Monday thru Friday from 9am – 3pm at the Turtle Creek Senior Center to help answer questions, provide resources, and any other assistance that older adults might need.

The Turtle Creek Senior Center also provides information to participants by having service organizations make presentations on topics such as food stamps, medical insurance, Medicaid, utility assistance, scams/frauds, etc.

Brochures, pamphlets, and other community resource information are always available at the Turtle Creek Senior Center. Please feel free to stop by to pick up any of those items or listen to a presentation. If you have any questions or need assistance with a program, call the Senior Center at 412-824-6880, or send an email to jtrovato@eaas.net.
