MVPC WELCOME LETTER

February 2025

For the past 37 years, the Mon Valley Providers Council (MVPC) has been working to provide services and meet the needs of the communities that comprise the Mon Valley region. The work of the MVPC is accomplished by the collaboration of dues-paying members on three Working Groups which each focus on an issue relevant to the Mon Valley including: Employment and Training, Health, and Housing. For 2025, the Steering Committee and members identified the core priorities we will work to accomplish to fill the gaps in services for people in the Mon Valley. These priorities include: providing networking opportunities between MVPC members to improve member knowledge regarding resources available at member agencies; conducting at least one poverty simulation for a Mon Valley School District or MVPC member agency; and providing the Mad City Money financial literacy program to youth programs in the Mon Valley.

This MVPC Membership Directory continues to serve as an informational resource available to staff and consumers, as well as a marketing tool for member agencies. The MVPC Membership Directory will be available on our website, www.hscmonvalley.org, to allow for the greatest circulation to member agencies, local businesses, and community residents.

Of course, this directory would not be possible without the support of our advertisers and members. Furthermore, we express our appreciation to our HSCMV/MVPC team for all of their efforts in producing the final edition. Should you have any questions regarding the Mon Valley Providers Council or any of its projects, please do not hesitate to contact us at 412-829-7112 or 412-436-9537.

Sincerely,
Dave Coplan
Director

The Mon Valley Providers Council serves 38 communities within the Mon Valley.

MEMBERSHIP DRIVE

The Mon Valley Providers Council implemented formal membership in 1995. Ever since, the role of formal membership has expanded to a more meaningful sense of investment in and ownership of the MVPC.

Each year, the Membership Drive begins in early September and formally ends in December. Membership dues are based on the agency's budget. Recognizing the extensive service area of several of our members, individual programs of larger, county-wide agencies may join on the specific program's annual budget.

For more information, contact us at 412-829-7112 or 412-436-9537.

Age-Friendly Greater Pittsburgh is dedicated to making our region more inclusive and respectful of all ages. Our mission is to bring generations together to reimagine how our neighborhoods are built and to advance equity through advocacy, education, and innovation. We are an initiative by Southwestern Pennsylvania Partnership for Aging (SWPPA) and University of Pittsburgh School of Social Work.

Healthy Start, Inc. is a public health organization serving individuals and families in Allegheny and Westmoreland Counties.

Quick Facts:

- The mission of Healthy Start is to improve maternal and child health and to reduce poor birth outcomes and infant mortality.
- In 1991, Pittsburgh/Allegheny County was chosen by the federal government as a demonstration site to pilot a 5-year demonstration project to implement community-based solutions to the nation's infant mortality crisis.
- Today, more than 30 years later, Healthy Start is a thriving organization and exists to address racialized disparities in maternal and child health through the lens of the social determinants of health and a public health (prevention) approach.
- Our target population in Allegheny and Westmoreland Counties is Black women, babies, birthing people, and families who are likely to experience poor birth and health outcomes—much of which is preventable—without community-based support and intervention.
- The Healthy Start multidisciplinary team includes Community Health Workers, Certified Lactation Counselors and Consultants, Lamaze Certified Childbirth Educators, Certified Doulas, nurses, licensed mental health clinicians, Community Health Advocates and other public health practitioners.
- To enroll, visit our website and click HOME VISITING >> ENROLLMENT

Healthy Start supports women, children, fathers, & families through community-based programming.

Organizational focus is multifaceted to address direct needs of families and drive systems-level change.

HSCMV and MVPC Present:

2024 Community Profiles

In 2024, HSCMV partnered with the Western Pennsylvania Regional Data Center to create community data snapshots of the Mon Valley. This data is critical to understand the deep need within the region, create evidence-supported programs, and can be used in discussions with stakeholders and funders.

Each snapshot includes data on:

- Demographics
- Education
- Labor Force
- Housing
- Social Services
- Transportation

THE COMMUNICATOR

The Communicator is the official newsletter of the Mon Valley Providers Council. Editions of The Communicator are published in January, April, July, and October.

Member agencies have the opportunity to submit articles to this publication, broadcasting much needed services and events to Southwestern Pennsylvania.

Read past editions at:
hscmonvalley.org/communications/the-communicator-newsletter

Please email Morgan Bryson at mbryson@hscmonvalley.org with your submission. See the ongoing Communicator Protocol for more details.

2024 OUTCOMES

Member to Member Networking Event
The Mon Valley Providers Council held a member networking event in which over 60 MVPC member representatives from our 70+ member agencies were present to share information about their organization with other members.

Whole Person Care Resource Fair
The Working Groups on Health and Housing held a resource fair in the spring focused on different aspects of whole person care. This included physical and mental health, housing, food insecurity, and more. Representatives from 20 MVPC agencies tabled the event and there were 6 featured resources. Nearly 50 attendees were present.

Expungement Clinic with Mon Valley Initiative
The Working Group on Employment and Training hosted an expungement clinic in partnership with Mon Valley Initiative. Information was available on expunging criminal records, transportation access, financial literacy, and employment and training resources from partner agencies.

Immigration and Healthcare Lunch and Learn Series
The Working Group on Health organized three lunch and learn webinars on topics related to immigration and healthcare for providers: barriers to healthcare for immigrants and refugees, navigating language barriers, and defining legal statuses for immigrants and refugees. The speakers were experts on these topics from four regional agencies and regularly encounter these barriers on the job. Over 55 healthcare providers in the Mon Valley attended at least one of these webinars.

2024 OUTCOMES

Annual Meeting

The MVPC Annual Meeting was held in November. We were joined by Allegheny County Executive Sara Innamorato, who discussed her administration's All in Allegheny Action Plan. Attendees learned more about upcoming projects in the county, how to track progress of goals, and how initiatives applied to the Mon Valley. Over 60 MVPC member representatives attended this event.

MVPC Poverty Simulation

The Working Group on Employment and Training led an MVPC-wide poverty simulation, with 53 MVPC members in attendance, as well as 22 volunteers. Between participants and volunteers, 18 agencies were represented. We partnered with Allegheny County Department of Human Services to conduct this event, which is designed to help participants understand what it might be like to live in a typical low-income family for a month while having to navigate community resources and barriers to access basic needs.

Allegheny County Housing Resource Panel

The Working Group on Housing held a housing resource panel with staff from Allegheny County Department of Human Services to walk providers through current county resources and updates on accessing warming shelters. A total of 25 MPVC members were in attendance representing 13 agencies serving residents in the Mon Valley. This presentation was part of a larger housing training series made by staff at the Department of Human Services.
